

# CRYSTAL CITY

DEAD SEA, JORDAN

## AIM OF PROJECT

Crystal City lies on a superb site at the mouth of the Wadi Ma'in at the Dead Sea, with views into a dramatic gorge and over the sea. A mixed-use development, it is planned as a major tourist destination for Jordan.

The gated residential component is at the south of the site, with a 5-star hotel, waterpark and beach club being grouped in the centre and north of the plot.

The entire area will be given a special character by the wide variety of terraces, which are defined by pools, promenades and an amphitheatre fronting onto the coastline.

## A DRAMATIC TOURIST RESORT BESIDE THE DEAD SEA

# CRYSTAL CITY

DEAD SEA, JORDAN
